FOREWORD

This publication contains:

1) The secondary school dropouts(grades 7-12) from Iowa's public schools for fiscal year 1988 by state, size category, merged area, and county.

2) The primary status of Iowa's 1987 public high school graduates one year after graduation by state, size code, and merged area.

These data are collected annually via the Secretary's Annual Report, the Iowa Department of Education's major local district data collection document.

This graduate and dropout data collection is an ongoing effort of Guidance Services of the Department of Education. A significant responsibility of such an effort is to meaningfully communicate results to potential users. This publication, though limited in scope and sophistication, fulfills in part that obligation.

Guidance Services again expresses its appreciation to Iowa's public school administrators and counselors for it is only with their cooperation that we are able to make these data available. Further, an expression of gratitude goes to the Communications Services section and the Bureau of Planning, Evaluation and Information Services of the Department of Education for their assistance in this effort.
